Customer Reviews

I was not given this book for free I was thrilled to pay full price for a delightful original coloring book. I will be sharing pages from this one with my younger coloring buddies. I have waited impatiently for this work of art to come out. I bought 2 because I want to keep one for myself and have one to share. Looking forward to the winter version. The pictures are humorous and well done. They have such personality that I find myself naming them after people I know. These little character had more fun this summer than a barrel of monkeys. Hope they continue to have more entertaining fun in the future.
