Customer Reviews

Yes! It came out! Its been like a year since last book was released. Plus, it came out early ehen not so many people have seen it, so I'm like the 5th people reviewing to one of the popular minecraft series on . You have many fans for your minecraft books, so you are very lucky. You should be very proud of what all that you've done (or whoever "Herobrine Books"

is).
REVIEW
+SPOILER
ALERT!!!!!!!!!!!!!!!!!!!!!!What other people should be reading of this review is what I am saying now.This

was another amazing Minecraft fan-fiction adventure by Herobrine Books, although I'm getting a bit confused with this new "Zack Zombie" Profile (not part of story). It was trying to say bad words, but just @!?!@!?!\$! as what you should be doing. I would highly recommend this book to all you minecraft lovers out there. It does include the amazing new mob from the huge Minecraft 1.9 update, and like you might have figured out from the story, they shoot torpedos that yes, give you a levitating affect. Once it wears off, you naturally fall from the sky and take fall damage. And about the new supposedly new "cool mob kid", it was a blaze. One thing I wonder was, does he have a little sister as it kind of says in the story? The book like normally has humor. Two things that were funny were when the enderman in biology class was ACTUALLY scratching his armpit when Zack thought he was eating candy THROUGH his armpit and when Blaze (yes, that's his actual first name) was hiding in a box crying for his mommy after the Wither experience at the zoo, although he said something earlier about parents being stupid and annoying. In real life, I think parents are only sometimes a pain. I do have a little brother and yes, he's annoying.
