How To Draw Manga Faces (Black & White Saver Edition)

Synopsis

Please Take Note (This book is also available on Kindle in various editions)

Learn the secrets behind drawing Manga faces!

The popular Japanese comic art form is now explained in great detail with the emphasis on the Manga face. Stan Bendis Kutcher gives how-to instructions with step-by-step images on a epic scale on more than 190 pages. The book is visually driven with over 500 illustrated, pencilled, inked or coloured images, whilst also maintaining a balance of written instruction. With over 37 characters, Manga style, technique as well as providing the finishing touch is a focus. There is always something new to learn, no matter your age or talent level! Chapter Overview: Chapter 1 : What is Manga? Chapter 2 : Basic Face Proportions Chapter 3 : Manga Eyes in Detail Chapter 4 : Features & Expressions Chapter 5 : Old School Manga Faces Chapter 6 : Modern Manga Faces Chapter 7 : 4-Step Manga * Drawing materials * The difference between Anime, Manga and other illustrated art forms * The importance of reflection * The basic male & female face proportions * The Traditional eye vs. The Manga eye & much more!

Customer Reviews

The author gets into great detail to explain about how one goes about drawing manga faces, but here is the kicker; even though Mr. Kutcher mentions human anatomy and topics such as refraction of light, anyone can utilize the tips and begin drawing from the start. It is useful for everyone, beginner artists and those that are more experienced. Not only that, but the author clearly has a passion for drawing and with providing his own backstory, I would think that any artist could relate to this. So, this is not just a picture book, but one with detailed explanations and step-by-step

instructions. By the end of this book, you will be more confident in your drawing manga faces. Get this book, as it is at a bargain price for the knowledge you could receive after reading this. In the end, this is not just a book that you can read one time, but one that any artist can reuse time and time again during their own drawing.

This book is informative and wonderful for beginners! Would definitely recommend it.
