I'm really happy that these books get a very nice-looking hardcover release. Part 1 and 2 are easily my favorite so far from what I've seen (part 3 is a little too formulaic for my taste). It's like all of the other books and it's great to be getting some love for JoJo's after all this time.

I pre-ordered this and it came to my house the very next day! I watched all the JoJo anime and have been trying to catch up on the manga when I found these BEAUTIFUL hard covered editions. I am SO happy with them. I now own all of Phantom Blood and the two volumes of Battle Tendency that are currently available. These editions have many colored pages and interviews with Hirohiko throughout the volume, which I absolutely love. They also have character biographies and the new artwork on the front and back covers. If you are a fan of JoJo these are definitely worth your time and money.

This definitely jumps into action and starts the arc off right away. Also Nazis. Also Coca Cola gets product placement kind of.

Amazing! My boyfriend and I are huge fans of JoJo's and he absolutely LOVES this volume.
