Customer Reviews

I recently received this book and was pleasantly surprised by all the wonderful pictures within. While anime is something I never thought I could do very well, I was attracted to the faces. I love coloring skin and hair tone. When I got this book, I fell in love with every picture. They are all as cute as the one before. I was not disappointed in any way. This book is 8.5 x 11 inches. Perfect for standard printers to allow for photocopying to color again. The covers are colorful and attract your attention. The back cover has 8 smaller designs of some of the pictures within to give you an idea of what you are buying. The first page is Jenny's "personal favorite coloring tools". This explains what she likes to use and some of her techniques. There is also a link to her other work. The paper is medium

weight, which is typical of most adult coloring books. This is good for crayons, colored pencils, alcohol based markers and some gel pens. You may even be able to use watercolor pencils if you use a very small amount of water. I would stay away from waterbased markers as my experience shows me that they tend to tear up the paper and/or cause pilling. I personally do not use watercolors either and print mine out on cardstock. This ensures that when I use my go to favorite, the water will not cause the piling or wrinkling of the paper. The designs are all very cute. The printing quality is bold and clear with no fuzzy edges. The pictures are 6.5 x 8.5 inches with a single bold line surrounding the entire picture on all sides. Additionally, there is a 1/2 inch white space at the top of each picture and a 1 inch on each side. This allows for easy photocopying without chopping off part of the picture. It also allows for easy removal with an exacto knife.
