I bought this for my Adult daughter who is a huge Miss. Peregrine’s book series lover! She’s a huge Tim Burton fan as well and as soon as she found out about this new Hardcover book chronicles every step in the making of the film “from script development and casting to concept art, set design, costumes, visual effects, etc... She messaged me the link and said She NEEDED this book!! Little did she know, I went right online and ordered it, so this morning when UPS came she was shocked when she opened the box! Filled with exclusive interviews, on-set photography, and special introductions by Tim Burton and Ransom Riggs, this deluxe hardcover volume is a terrific gift for peculiars of all ages! I have also read the Miss. Peregrine’s book series and we both are really

looking forward to the movie coming out in the next month or so. The book is well written and illustrated. She's a Hardcover only girl, so she's in love! Very well put together and fun to just thumb through. She's already read through a good portion of the book and only just received it this morning! Movie and Book buff, as well as long time Tim Burton lover. She just added a new piece to her private collection! Great gift idea! Pricepoint is excellent for the quality! I purchased this item at full price, and was not compensated in any way for my thoughts and opinions. I rely on product reviews just like others to help make my purchase decisions so I try each product very carefully before reviewing and always do my best to leave honest opinions and provide as much facts as possible based solely on my experience.

An incredible array of photographs and accompanying text. Thoughtfully curated and meticulously detailed. A must have for any Burton collector, photo fiend, and movie buff. It's a richly colorful, beautifully printed and bound book, at home on any coffee table or private collection.
