Before Morning

Synopsis

There are planes to fly and buses to catch, but a child uses the power of words, in the form of an invocation, to persuade fate to bring her family a snow day – a day slow and unhurried enough to spend at home together. In a spare text that reads as pure song and illustrations of astonishingly beautiful scratchboard art, Sidman and Krommes remind us that sometimes, if spoken from the heart, wishes really can come true.

Brainstorming notes for the book I

wrote about ten pages of brainstorming notes, analyzing every word in the manuscript, to help me design the setting and main characters. Early sketches from the book Here are two very rough thumbnail sketches as I was figuring out the composition for page 11. From sketch to finished art Here is a final picture for page 11 following my earlier sketches.

I always practice faces and hands on a scrap piece of scratch board first. An early sketch from the book The family is having a leisurely breakfast. A final sketch of that same scene. Isn't it cozier with the daughter on the mother's lap? (My editor's suggestion).
