I purchased this as a gift for my niece who just moved. I thought it may help her transition go a little better if she could come up with some fun ways to make her new room her own personal space. This is a great book for any early teen or preteen girl. It is a nice spiral book with sturdy high gloss pages. It includes ideas for room decor, quizzes, activities, and more. Some of the projects include hanger designs, wall art, organizational projects, picture frames and more. There is even a poster

included that you can pull out and color yourself and some really cute door hangers to indicate you are busy or not to be interrupted. Young girls need their own personal space. It is their sanctuary. And this book really helps them personalize it.

My daughter LOVES LOVES LOVES these books. She would much rather take the expert word of American Girl than any advice her mother has to offer ;). Thankfully these books are spot-on and offer delightful, age-appropriate activities and fun.

My daughter loved this book. She is 10
