Unicorns Are Jerks: A Coloring Book Exposing The Cold, Hard, Sparkly Truth

Synopsis

Unicorns think they're so great because they're all mysterious and magical, but they can be real jerks sometimes. This coloring book features eighteen examples of unicorns texting in theaters, farting in elevators, eating your leftovers, and generally acting like jerks. Theo Nicole's Lorenz's humorous, offbeat coloring books are perfect for anyone looking to break outside the world of patterns and mandalas, and add some laughter along the way!

Customer Reviews

This coloring book saved my business. Our firm was on the verge of hiring a unicorn as our new public relations rep. At first, it seemed like a dream come true, what with his magical rainbow mane and shimmering eyes but then after reading this book, we decided to do a little more digging on our potential new hire. I'm so glad we did! This guy turned out to be a notorious ringleader in a human trafficking scandal! Bad news folks! He was using his irresistible horn to lure young children away into a life of depravity and abuse! We owe everything to this important publication. It's really so much more than a coloring book, it's a public service announcement. Don't trust unicorns! Period!! think it's about time these menaces to society are revealed for who they really are!

Yeah. I dated a Unicorn once and he was a real jerk! Thought his horn was all that....and believe me, it wasn't. I learned my lesson. Open your eyes, people!

The unicorns are indeed jerks. Moreover, as a word of caution, when reading the book backwards

you will find the Manifesto of the Communist Party.

Fun for all! I'm a child at heart and I enjoy coloring, this is a great alternative to kids coloring books I've pretty much colored all the pages already!

I art work in this is hilarious. It's current, and not too "over -the -top" to where it becomes inappropriate for the kids. My 10 year old loved it.

Unicorns are jerks! They always lie about the size of their horns, and they leave "rainbows" all over the place. Not Relationship Material.

I bought this as a gift for a friend, and it's hilarious! I wish it was double-sided, but I'll assume that's the fault of the jerk Unicorns.

Unicorns are a public menace. What animals carry Ebola? Unicorns. Who didn't rewind all those VHS tapes in the 90s? Unicorns. Who takes up the handicapped parking? Unicorns. Who invented the annoying fake horn-rimmed glasses and skinny jeans for hipsters? Unicorns. Who pays college football players for signatures and puts them on EBay? Unicorns. Who outsourced tech support to non-English speaking countries? Unicorns. Who makes commercials louder? Unicorns. Who makes the last bit of whipped cream stay in the bottom of the can? Unicorns. Invenor or infomercials and the giant Bluetooth earpieces? Unicorns. What jerks.
