Customer Reviews

At the time that I write this review, there two different Vogue coloring books that have just been released. The other one is based on British Vogue and this book is based on American Vogue magazine. They are quite different in time period, style, and print. There are 26 designs based on magazine covers from 1912 to 1932. Each one is associated with a letter of the alphabet. For example, the first one I chose to color (using Prismacolor Premier Soft Core pencils) is of a young woman pushing a wheelbarrow of flowers on a windy day. The magazine is from June 15, 1915,

and the editors of this book associated the design with W for wheelbarrow. The design is on the front of the back and the letter and stylized illustration (plus W is for wheelbarrow) is on the back of the page. In addition to the 26 designs, there are coloring opportunities on the fold out flaps of the front and back cover. Better still is a lovely four page fold-out at the back of the book which is printed front and back with a design from each of the years between 1912 and 1932. All of the designs include some small details that may be a bit difficult to color. The artwork appears to have been sketched but the lines are a tad squiggly and there are disconnects that make it more difficult to color. I also noted that the title and other print on the designs have been done with a weird wiggly typeface. I think that the point is to make the design appear vintage but, in many cases, it merely makes it look a little odd. This issue would not keep me from buying the book as I really love the designs otherwise but it certainly impacts my enjoyment of it. If I could place a rating of 4.5 on this book, I would do so; however, as I cannot, I always round up to the next highest star.
