# ABCs Of The Web

## **Synopsis**

The perfect introduction to basic coding and web concepts for children in the form of the alphabet! This book will teach you that learning coding concepts such as Anchor Tag, Browser, and Cookie are as easy as learning your ABC's! Young web developers will have fun learning essential words in this fun, fascinating foray into the worldwide web, complete with rhyme and illustrations! Other concepts included are: Domain, Elements, Function, Google, HTML, Internet, JavaScript, Keyword, Link, Mozilla, Node.js, Open Source, PHP, Query, Ruby, SEO, Tag, URL, Virus, WordPress, XML, YouTube, and Z-index. Sample text: "O is for Open Source. Use an O. Work with O. What begins with O? Open source is sharing code and adding what you know."

## **Book Information**

Board book: 28 pages

Publisher: little bee books; Brdbk edition (May 3, 2016)

Language: English

ISBN-10: 1499803125

ISBN-13: 978-1499803129

Product Dimensions: 6.5 x 0.9 x 8.5 inches

Shipping Weight: 1.1 pounds (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars (See all reviews) (7 customer reviews)

Best Sellers Rank: #67,006 in Books (See Top 100 in Books) #27 in Books > Children's Books > Computers & Technology > Programming #1231 in Books > Children's Books > Science, Nature & How It Works

Age Range: 4 - 8 years

Grade Level: Preschool - 3

## **Customer Reviews**

My husband is a software developer, and he was so excited when i found this little book for our little girl. It really does break down common items to the ABC level, and as my hubby would say, "starts them out young" lol With sturdy pages, and bright simple pictures, this book is fantastic for your little geekling to get a head start.

My daughter loves this book! She reaches for it over some of the many other books that she has. The book contains several images that help to stimulate the mind as well as making good work out of the ABC's to make the book more engaging. We have really enjoyed this book. What is funny

about it, is she will reach for this over Dr. Seuss.

Super cute. I bought this book for my web developer coworker as a gift for his new baby. At first he assumed the terms would be out-of-date but he was pleasantly surprised after flipping through the pages.

Very cute book
