Amphibians' End (A Kulipari Novel #3)

Synopsis

Watch the Netflix original series based on the books starting September 4, 2016! The future of the Amphibilands has never looked so bleak. With Lord Marmoo still maniacally bent on taking over the outback, Darel can't fathom why the Rainbow Serpent wants him to lower the Veil, the Amphibilands' only source of protection. But the Serpent's message is clear, and in preparation for the inevitable battle, Darel and the Kulipari go in search of someone "anyone" to fight on their side. In their travels, the frog warriors make a perilous discovery: the outback's water supplies are mysteriously disappearing. With the odds stacked against them, Darel and the Kulipari must take one final stand to protect their home, before it becomes . . . the Arachnilands. The Kulipari trilogy comes to its thrilling conclusion in this action-packed adventure by Trevor Pryce and acclaimed comics artist Sanford Greene.

Customer Reviews

This is the 3rd & final (?) volume in the Kulipari trilogy. I have to be honest: this is a flawed series, mostly but its truly awful puns & wordplay. But it is written for a younger audience that might be amused by that rather than annoyed. This final volume does have a genuinely thrilling & suspenseful ending. On the whole, the series comes off better visually than literarily, so it makes

sense Netflix is releasing an animated version ("Kulipari: An Army of Frogs) in September.

Bought for my grandson!! He loves them.

My son LOVES this series and the new book, and sadly the last, was his favorite!!

Thank you my son has been waiting on this book
