Customer Reviews

The market has become absolutely flooded with "sweary" word books but once again Cristin has set

herself apart from the rest! You wont find your common swear word phrases in this book. Cristin has put her own creative spin on the phrases as well as the pictures she's created for you to color. They will tickle your funny bone as well as give you some new words of choice for when a "colorful phrase" moment happens, which as clumsy as I am pretty much happens everyday. You've also got a few for some situations where another person pi\$\$es you off as well lol! The very first page of Cristin's book is an invitation to join the Coloholics Anonymous Club for free which comes with quite a few nice perks! You'll also find all of her social media pages and her Etsy shop too. She also has a very sweet book dedication to her husband, a thank you to the colorist of the cover, an artist biography and the usual copyright info. The second page is your chance to color the cover, the third is a "This Book Belongs To" page, and after that are the actual book starts. One things i LOVE about Cristin's pages is on the back you'll find the title and artist's name of the book and then a spot for the colorist's name, date you completed it, and the medium used. This REALLY comes in handy if you've got a wide variety of coloring supplies and want to do another picture the way you've done one out of this book. All you have to do is look at the back and you'll know exactly what you used! In the book you'll find 20 pictures to color ranging from fairly easy to somewhat detailed, and all give a giggle for sure! After the 20 pages that you paid for when you bought the book you get a surprise! Cristin has included 9 bonus pages AND GET THIS...

A book of sassy à œuncensoredâ • adult sayings with attitude. For all those times you wish you can say something and can't. A great and funny way to relieve your stress. Definitely for adults only. The book measures 8.5 x 11 inches. It is glue bound on the left and non-perforated. The image quality is nice and clear, each surrounded with a bold black border. There is a white space margin around the border to the edge of the paper that measures approximately ½ inch, to slightly more on some. This border is great to allow for easy removal to frame or photocopy without losing or damaging some of the image. Images cover most of the page. The book has a very colorful and pleasing front cover. The back cover has 20 thumbnails photos of the images in the book. This book has 20 illustrations printed on one side of the paper. A must for coloring with markers and some gel pens or other wet medium that may cause bleed through. It also has 9 bonus pages near the back of the book, 3 blotter pages to be used to put behind your page you are coloring to help prevent bleed through to the next page, and 1 color palette practice sheet to test your colors. Her illustrations are hand-drawn and detailed, but most are not too intricate to cause difficulty for those with vision or dexterity issues. There are only a couple that may be more challenging. Cristin includes an à œabout meâ • page at the beginning, telling about herself, sharing her links to her work

elsewhere; her Colorholics Anonymous Club (which is free); a dedication to her husband, copyright information, and a thank you to the woman who colored the cover of the book. Next is the uncolored illustration of the cover that you can color yourself, as well as a *âœthis book belongs toâ•page to color.*
