Customer Reviews

Been wanting to read this for a long time but I prefer to get a complete story and luckily I found this and I love it. I love the banter between Sonic and Mega Man, I love the friendship between Eggman

and Wily. The action is great, the comedy is funny I can't wait for Worlds Collide 2 to get a complete book.

The crossover was really good, the conditions of it allowed the writers to eliminate any comic exclusive characters for sonic and to add in characters they haven't covered yet in megaman. Because of this you can walk in and read this crossslover as a stand alone crossover between the game characters and not need to know whats going on in their respective comics. But let me say one thing about the crossover, the most fun part is not getting to see megaman and Sonic meet, no, the best part is the Union of Dr. Eggman and Dr. Wily. These two work so well off each other! So whether you're a fan of the comics or the games or if you just want to see two evil scientists team up, I highly recommend this. There was an odd printing error with my copy where 15 of the pages repeated near the end, but as far as I can tell no pages were lost in the process, I just have a repeat of pages of 257-272 placed in between the original page 272 and 273.

I haven't read any of the comics preceding this event and still fell in love with this story

I wasn't expecting the book to be so thick, but it was a great birthday gift.

The crossover we've always wanted in any form

Great if you are a Sonic/ Mega Man fan.
