I have read the Bible through 3 times. During the course of my reading, I often jotted down particular verses that offered special inspiration, and then organized them into a sort of personal concordance, under relevant headings. There are far too many verses for me to quote every single one of them here, but what I will do is address those headings which seemed to accumulate the most verses. The Bible is a wonderful book to live by if everyone would practice the guidelines presented in this

book there would never be any wars, crime or heart break. Sure this world is a sinful place but God has provided a way out by giving us His Son as our sacrifice and advocate. I am looking forward to the New Earth that is described in the Bible where there is no more sin, tears, death or troubles. This book is a must read for the entire planet.

This book is awesome and very helpful. Inside of this book I have found some symbolic teachings. This guide and lessons are very essential to learn for every Christian. Last week my girlfriend suggested me about his book and by reading this book I am highly pleased. Actually, I needed to learn symbolic lessons from The Bible and for that why I did not late to purchase this book. By the help of this book I have learned about the greatest commandments for Christian. By reading this book I have understood about the New Testament, Old Testament, Four Gospels, and much more. Inside of this book the author also described about the relationship between the Bible and the Christian Festivals. I will definitely suggest this book to my all closer.

I was honestly overwhelmed in reading and learning about the 16 Symbolic Teachings that this book has given. The topics discussed were all so enlightening too. It was able to discuss the things that made the Bible the best book ever written. I learned some great stuff on the chapter about the Old Testament, the Pentateuch, the Historical, the Wisdom and the Prophetic. This is so profound. "How should We Interpret the Bible?" is also an educational part of this book. It was an awesome experience reading this.

The most inspiring and motivating book of all times. Indeed it is. It will help us readers to mold our spiritual feelings. It's really amazing to think that there are still people who are interested in reading religious books because in today's time it's rare to be attached with this kind of book because of the growing technology. I really appreciate the things the book could give us. I will be more grateful if everyone would take time to read this one. It's a very informative book and it will surely teach you too about great things in life. I just can't find the right words in describing this book. But one thing I knew, this one transformed myself to do better. Thumbs up for this work.

that propagated change. You will learn differing methods of Bible study, and proposed memorization of Scripture. We have recommended tried and true methods for Adult learning of Scriptures. There is also a section on the importance of prayer and corporate worship. There are suggestions for a typical prayer and how to look for a home church or fellowship.

I have faith in God that really gave me hope and wisdom to survive in this world. I got to the point to read this awesome book because I want to learn more about it. Great having this book. I could feel better and responsible person in every action and word that I may do/say. Then the style of writing is easy to understand and precise. The author did a great job.

The lessons learnt from this summarised book about the lessons to learn from Bible acts as a guide and easy to read and understand. When ever things seem to be not going on right , we always seek for a fall back to God to help us but I guess its important to know also such books like the bible.

Such an inspiring book to read! For me, this is the best book ever written. You will enjoy learning about GOD and his son Jesus. A great way to learn how to live and govern your life. It's really worth reading and recommending to others!
