INKLINGS Colouring Book By Tanya Bond: Coloring Book For Adults & Children, Featuring 24 Single Sided Fantasy Art Illustrations By Tanya Bond. In This ... & Other Charming Creatures. (Volume 1)

Synopsis

INKLINGS coloring book for adults, teens and children. - It features 24 one sided fantasy art illustrations by artist Tanya Bond . Being single sided helps to make sure that the medium doesn't bleed onto the next design through the page. However I still recommend using a sheet of card under the page when you are colouring. - Please note that createspace paper is medium to thin. If paper thickness is important to you please seek for artist edition of this book on etsy (which is more expensive). - In this book you will find fairies, pixies & mermaids with their adorable companions - dragons, owls, cats, bunnies, birds, animals & other charming creatures. - I recommend using prismacolor colored pencils, polychromos coloured pencils, Marco Raffine, Inktense. Use promarkers/copics/sharpies and other markers just for small touch ups as well as gel pens (use sheet of card under the page you are colouring) Join "INKLINGS colouring club" group on facebook to show your coloured inklings and see what others are doing:) Enjoy your INKLINGS colouring adventure!

I really enjoy coloring fairies and other fantasy females, especially those with big, gorgeous eyes. Artist Tanya Bond has created a coloring book with 24 designs which fit the bill. The young women are generally accompanied by an animal of some sort (including cats, owls, frogs, snails, and many

more.) Each of the designs have a title which describes the young woman and sets the stage for coloring. This is an overview of what I found in the book as well as my experiences with coloring in it: 24 Hand-drawn Fantasy Designs Printed on one side of thin, white non-perforated paper typical of CreateSpace publications Designs do not merge into the binding area Glue Binding Plenty of room to cut pages out if you choose to do so Consistent and dark printing Alcohol and water based markers bleed through the page Gel pens and India ink pens leave shadows on the back of the page Coloring pencils work well, good color and blending but hard lead pencils leave dents on the back of the page I'm having a lot of fun coloring these designs â€” choosing which colors I like best to give the right mood to the subject. I finished my first two pictures and am busy working on the next one.

I love Tanya's Inklings artwork and was so glad she decided to publish through [with one sided pages](#). 24 beautiful pictures of the Inklings girls with various animals. Love the variety! I believe the reviewer that states the pictures are on each side is speaking of her original version of this book (which I also have), not the one here on [. I've enclosed a pic of the 1st girl in the book that I've colored](#). Tons of fun! I'm already waiting on her upcoming new coloring book (Inklings 2)! Updated to add 3rd pic I colored.

Beautiful artwork each one so different and lovely. In the picture you can see how much room the artist gives you to use your imagination. I'm still learning facial coloring techniques as this is a skill you might want with this book. "Beautiful faces, by Jane Davenport" really helps easily and in multiple medium's, guide in the facial coloring techniques. I highly recommend this book, I will be buying the second edition for sure.

I love her artwork & have bought a some of it on Etsy. With that being said I am very disappointed in the quality of this book. The paper is super thin. It helps that the images are single sided but artwork isn't everything when it comes to coloring books! I still give it 4 stars because the artwork is lovely & I'm hoping the book holds up to different mediums. She does have two blank pages in the back for testing, so we'll see how that works out.

Tanya bond is an awesome artist from Ireland I have so much respect for her. She can produce, some of her projects within, one day start to finish. She has a beautiful talent, check out her Facebook page, you'll see she's always so busy. I'm so glad she has decided to sell on [. a book for myself and one for my niece](#).

I LOVE LOVE LOVE this book! Such beautiful illustrations, and i also love how on Etsy this book has double sided pages but the book is single sided pages!!! Great to have a choice! The 1 star rating below is incorrect. Make sure this beautiful book goes in your cart! You won't regret it!! Stunning work by Tanya and i look forward to more!! I was givin this book as a gift and is definitely one of my favourites!

â €24 Coloring Pagesâ € Glue Bound on leftâ € Medium weight paperâ € Dimensions 8-1/2 X 11â € Illustrations are Single sidedâ € Non perforatedâ € Recommended for beginner to advanced colorists

I have found this coloring book to be very enjoyable and I love the different designs. It is suitable for both children as well as adults. The theme is mystical fairies, pixies, princesses, queens and each young girl has a fantasy creature. The pictures are all different and the spaces on the pages for coloring in range from small to larger areas. I found it really relaxing and enjoyable and I used copic sketch pens. The pages bleed if using alcohol inks but they are fine for water based pens/pencils or paints. The pages are not perforated so it would be advisable to be careful when tearing out the pages so that you do not tear them. The left side pages are blank. Each picture has a name, the one I enjoyed coloring in was called "Ugly Duckling" some of the others included names such as Winter rose, Hope, Luna and Robyn. The animal choices are all lovely and the details on the girl tie in with the animal, for example Queen of dragon and she has a small dragon. I enjoyed the 24 different designs in this book and look forward to Tanya's next book. I have added photographs for your convenience.
