Customer Reviews

My daughter loves this story in the illustrations are nice but the quality of the book is really terrible. All the pages keep falling out, I have pretty much had to tape every one back in. It was like that when we bought it, the pages were so loosely bound. We take good care of her books and this is not happening with any of her other books so I know it is just the quality of manufacturing.

My daughter loves the book, cute story. However we have had several pages fall out after having this book a week. So many of the pages are now taped in with packing tape. Still one of my daughters favorite books right now though.

The cards in the back tore out poorly. I wish the story was longer and had more pages. Great

synopsis of the story. Cute pictures and cards.

This is a great book for reading to a younger child or reading with an early reader. Great photos and fun for any Dory fan!

Easy to read book with a quick outline of the story. My 3 year old loved the book. The pictures are bright.
