My Little Golden Book About Sharks

Synopsis

This simple yet informative book brings to life the fascinating world of sharks. Little ones will enjoy bright, bold artwork and lively descriptions of all kinds of sharks, from the fierce great white to the rare goblin. They'll learn that sharks have teeth but no bones, as well as interesting facts about diet, camouflage, and habitat that teach why we must care about sharks.

Age Range: 2 - 5 years

Grade Level: Preschool - Kindergarten

Customer Reviews

Read it tonight. Kid enjoyed the story. It was informational but easy to read. Wasn't like an encyclopedia. We will read it again.

My son is shark crazy. He liked this book because he got to see all kinds of sharks. He had no idea there were so many. Now I just need to convince him that dolphins and whales aren't sharks!

Great friendly introduction to sharks for my daughter. Portrayed as kind animals which is not the case with most books on sharks. She is crazy about the goblin shark.

This is a fun educational book about sharks. The illustrations are beautiful and it's an easy read. Definitely get it!

My grandson loves this book, it was his surprise for using the potty .

My daughter loves sharks and really enjoyed this book

My granddaughter loves it.....I got it for her to look at during shark week on discovery channel, which she loves to watch.....

My grandson,who is 4 ,loved it...It held his interest while being informative and he loved the illustrations
