## **Customer Reviews**

My daughter loves this story and the illustrations are nice but the quality of the book is really terrible. All the pages keep falling out, I have pretty much had to tape every one back in. It was like that when we bought it, the pages were so loosely bound. We take good care of her books and this is not happening with any of her other books so I know it is just the quality of manufacturing.

I bought this for my two-year-old niece, who loves all things Nemo and also happens to love to paint. Her mommy says this is one of her favorite gifts!

My son really enjoyed the story, the pictures and the stickers. He was able to read the book along with me because it has many sight words in it.

Bought for a 4 year old girl. She loves the pictures and will still use as she learns to read. Attracts am interest in reading.

My Grandson just loves these paint books! Neat and clean storage too.

BEAUTIFUL colors in the story. My granddaughter loves it...

It is super cute book that helps learn colors

Cute metallic stickers come with
