# Animal Talk: Mexican Folk Art Animal Sounds In English And Spanish (First Concepts In Mexican Folk Art)

## Synopsis

Did you know that animals that live in one country don't always talk the same language as animals from somewhere else? Take a rooster, for instance. In English-speaking countries, he says cock-a-doodle-doo when he has a notion to announce himself or to greet the dawn. But in Spanish-speaking countries, he says ki-kiri-ki. Emerging readers will delight in identifying the animals depicted on each new page. And the bilingual text invites parent and child into an interactive and playful reading experience for acting out animal sounds in English and Spanish. Craftsman Rubén Fuentes and Efrén Broa from the Mexican state of Oaxaca fill the pages of *Animal Talk* with vibrant, wildly imaginative figures of familiar animals. *Animal Talk* is the fifth book in Cynthia Weill's charming *First Concepts in Mexican Folk Art* series. It is her passion to promote the work of artisans from around the world through early concept books.
