Carousel Dreams: A Coloring Book By YamPuff

Synopsis

Color in a merry-go-round of adorable, detailed linearts in YamPuff's second coloring book compilation; Carousel Dreams. Consisting of 24 brand-new carousel-themed illustrations - from majestic unicorns to girls in carousel-themed dresses - this coloring book is perfect for carousel lovers of all ages! All illustrations are printed on one side of the page so colorists can use inks, pens or markers without fear of ruining art on the other side! On the other side of each page is a little description of the art and its creation by YamPuff! All linearts in this book are super smooth and crisp, ready and waiting for your colors to bring them to life!

Customer Reviews

â œCarousel Dreamsâ • is a Manga style coloring book with 24 cute designs. The designs are either of carousel animals or of the Rose Princess that YamPuff (the artist) has dreamed of having inhabit her world. In addition to the designs, the title page can be colored as well. The designs are especially cute and fun to color. The designs have a bit of detail but are not intricate and don't have tiny spaces which required unusually small nib pens. A few of the pages have a couple of intricate spots (such as on the carousel mandala or some of the smaller detailed designs on the Rose Princess dress. Each of the design pages has a short blurb on the back which explains the thoughts behind each particular design. It was interesting reading what the artist had in mind been creating the design. This is what I found while coloring in this book and testing the paper with my various coloring medium. In the comments section below, I will list the coloring medium I use for testing and

for coloring.24 Carousel inspired Designs done in Manga style plus title page that can be colored as well-actedPrinted on one side of the pagePaper is typical for CreateSpace publications. It is thin, white, slightly rough and is non-perforatedGlue BindingThree designs merge into the the binding area but nothing essential to the design would be lost if you cut those pages out.Coloring book can be opened fairly flat for easy of coloringAlcohol-based markers bleed through the paper readily. Water-based markers bleed through in spots but can still damage the page below.Gel pens and India ink pens leave discernible shadows of color on the back of the page.
