Customer Reviews

Dabel Brothers Publishing has done a big favour for fans and Menyons (die-hard fans) of Sherrilyn Kenyon by publishing this beautiful coloring book based on her Dark-Hunter series of urban fantasy novels with paranormal romance elements, because fans of the series will be delighted to see some of their favourite characters presented in beautiful drawings. This coloring book will also be of interest to readers who enjoy coloring drawings and looking at beautiful drawings. Before I begin to analyse and review the contents of this coloring book, I think it's good to say a few words about the Dark-Hunters, because there may be readers out there who are not familiar with them: The Dark-Hunters are immortal warriors who sell their souls to the Greek goddess Artemis for an Act of Vengeance against the one who murdered them. Once they had their revenge, they were dedicated to defending mankind against Daimons and other preternatural enemies. There are also Dream-Hunters, Were-Hunters and Hellchaisers. (More information can easily be found on the internet.) The black-and-white artwork by Mel Joy San Juan is stunningly beautiful. I was amazed by how beautiful and detailed the drawings are, because the characters have been drawn realistically and have many details. All the different parts of their bodies - faces, eyes, hair, hands, legs and muscles - stand out in the drawings. I'm not an expert on coloring books, but from what I've seen I

can mention that this coloring book is different from other coloring books by having high quality artwork. The artwork is so amazing that you can't help but admire it, because the artist has paid a lot of attention to details. The drawings are delicately atmospheric and have alluring eroticism.

This is a great coloring book for adult fans of the Dark Hunter series as well as other series by Ms. Kenyon. That being said, you need to be aware of what you are purchasing. Read the description carefully and look at sample pages. You can also go directly to the Dabel Brothers website if you want to take a better look. The company has recently added new products to their catalog including some t-shirts and downloadable options for posters. This is a beautiful book with fantastic images. The images are very detailed. If you are buying the book for coloring and do not have the patience for that, then you may want to pass on it. If you do have the time and patience to dedicate to coloring the images, or if you just want the images themselves, then it is well worth the money. The book includes 24 images (12 pages - double sided) each one portraying one or two characters from Ms. Kenyon's novels. The price may seem high to some, but you are paying for a unique product. This is not a book with generic art from a huge publishing company. It is made by a growing company that specializes in this type of project. The cost reflects that. It is really not unreasonable for the type of product. NOTE: The second Dark Hunter coloring book by Dabel Brothers is already being sold by the company. It has 22 images (one sided pages which I find an improvement from the first book). Images include: Simi, Ash, Bubba, Chayden, Chi, Dev, Devil Bane, Dragon, Fang and Aimee (one of my favorite images in the book), Galene, Hauk, Jayne, Kyrian, Mack and Ryn, Malachai, Menyara, Nero, Nykyrian, Stryker, Styxx and Bethany, Talon, Urian, and Cwn Annwn and Vawn. There are also two choices for the cover for this particular book to choose from.
