6Very, very disappointed with this purchase. Totally my fault. I did not read the size of the book. It's 6" X 9", Very small. The pictures in the book are even smaller not a full page. Won't make this mistake again.

A fun book. Lovely illustrations. Helps one focus on color combos. A nice creative distraction from a busy life.

There is a reason this is so cheap. Save the \$5, the drawings are terrible, there are very few of them, and they're small and ugly. I only gave it 1 star because 0 wasn't an option

To call this a coloring book is a joke . Save your money. Small book with only partial drawings .

So simple, so elegant and a welcome alternative from doing sudoku puzzles!
