## Customer Reviews

This is the book I was looking for. This book contain some of my most loved places in NYC, the city; Manhattan Bridge, Washington Square Park, The Statue of Liberty, and the list goes on. The pages vary in detail so some are easy and fun while others are more complicated and detailed. The book has a fair price also, and contain 49 pages, which is way more then other books I considered purchasing. I definitely recommend purchasing this book.

The colouring book contains 49 pages with varying levels of difficulty such that both me and my nephews were able to enjoy it. It's truly an activity for all ages and for the entire family. Featuring the popular landmarks in New York City like the Empire State building, Brooklyn bridge, Dumbo neighbourhood, Statue of liberty and other architectural and historical monuments, the colouring book can easily be used as an intergenerational and cross cultural conversation starter. Excellent

for learning about some of NYC's architectural masterpieces and just for having fun :)

Love this book. Almost 50 unique pages to color. Highly recommend to anyone! My 6yo daughter also loves coloring it. I ordered a few more for my NYC loving friends.
